ABOUT THE WORKSHOP: Class will cover topics relating to painting trees. We will start with critiques on your reference materials and how to analyze and draw information from this material by creating color studies and basic layouts. Drawing and Composition will be heavily stressed as we learn various steps to organizing and painting trees as various forms. From outline drawing to massing and forming, to sky-holes and care with edges. We will have individual critiques throughout each day. Students are asked to bring any and all reference materials they may wish to paint. Students are also welcome to bring in 1-2 paintings they would like to be critiqued. Critiques will take place at the end of the first two days of the workshop.
