ABOUT THE WORKSHOP: This class is perfect for those who have never painted with watercolor or those who want to get better! We will pack as much as we can into this exciting workshop designed to teach students the basics of watercolor such as gradual washes, transparent layering, losing edges, matching wetness, dry into damp, complementary grays, negative painting, juxtaposing colors, and warm to cool color theory. There will be demos and lots of one-on-one help. Learn the fundamental techniques of controlling watercolor! To learn more about Dylan, visit www.dylanpierce.com.
