ABOUT THE WORKSHOP:

In Margaret's workshops students are taught a traditional pastel painting technique. Working with a live model, students will explore drawing, composition, anatomy, proportion, value, color and pastel application. Emphasis will be on developing form using light and shadow using Margaret's easy step-by-step method. For those who are bewildered by color or are wanting to speed up and become less tight in their work, this is an excellent class to take. Students do not need prior pastel experience. Some drawing would be helpful, but not imperative.
