ABOUT THE WORKSHOP: This class has something to offer everyone whether you use acrylic paints on a regular basis or have never tried them. Spend the day with professional artist Michael Goettee as you learn the benefits of working with acrylic paint, hear how he comes up with ideas for his very unique paintings, and see how he incorporates 3D aspects and air brushing into his work. There will be demonstrations and both group and one-on-one instruction in this class designed to let students paint, have fun, and learn about this very versatile medium. Don't have acrylic paint? Don't worry...we'll provide some!
